Hawks may use the whole harbour subject only to the excluded areas. They will not leave the harbour.

Hansas will sail in the vicinity of a course, set up by Chesil Safety Boats, to the NE of the marina entrance. Buoys marking the course may be laid between the eastern edge of the preferred marina route and the 6kt marker buoys, leaving sufficient room between

the course and the Northern edge of the Marina wall for vessels transiting to and from Portland Harbour Eastern entrance.
